Tu guía visual de Taskative

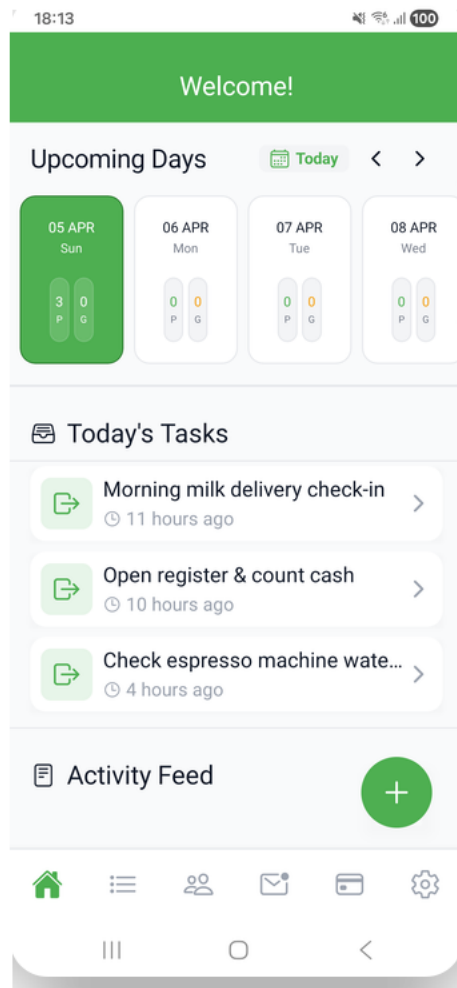

1

PASO 1

Crea tu equipo

Toca el botón verde +, elige "Grupo", ponle un nombre y confirma. Tu equipo está listo.

Abre el grupo, toca "Compartir enlace de invitación". Envíalo por WhatsApp, correo o cualquier app — se unen automáticamente.

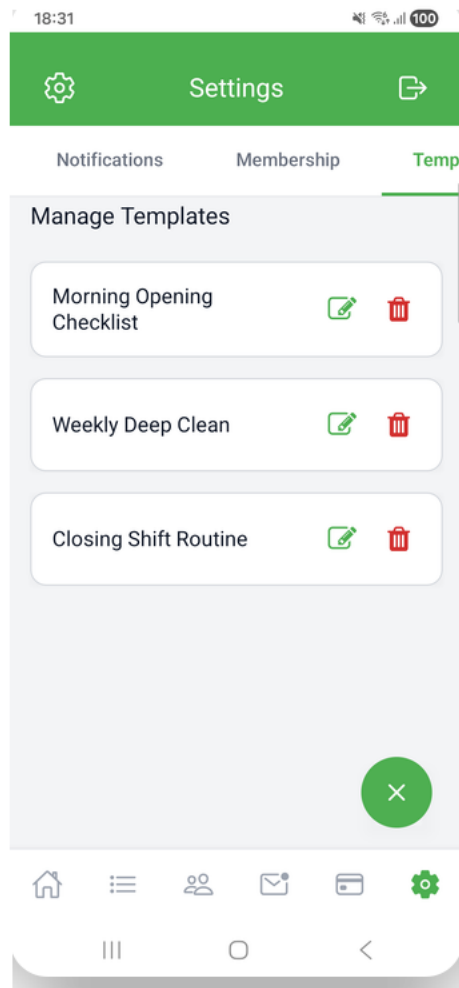

The screenshot shows the 'Create New Task' screen in the Taskative app. At the top, the status bar shows the time 18:29 and battery level 100%. The app title 'Create New Task' is at the top of the screen. Below the title, a green bar displays progress: 'Tasks (this month): 0/10 (Remaining: 10)' and 'Templates (this month): 0/2 (Rem: 2)'. The main form has a section titled 'Task Name for Template' containing a 'Task Name' input field, an 'Assign to Yourself' toggle switch (which is turned on), and a 'Select Group (Optional)' dropdown menu with the text 'Select Group (for group task)' and a downward arrow. Below this section is a large green 'Create Task' button. Underneath the button are three expandable sections: 'Details' with a document icon, 'Date & Time' with a calendar icon, and 'Reminder' with a bell icon. At the bottom of the screen is a 'Recurrence' section with a circular arrow icon, a radio button, and a dropdown arrow.

Toca + → Tarea. Añade un nombre y una fecha. Asígnala a ti mismo o a un compañero. Usa listas para tareas con varios pasos.

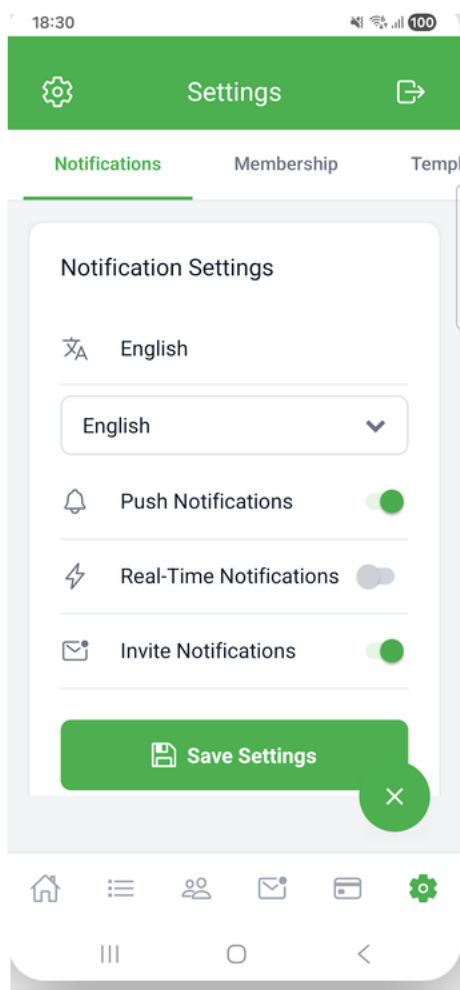

4

PASO 4

Reutiliza rutinas como plantillas

Guarda tareas semanales (cierre, informe, limpieza) como plantillas. Recréalas con un toque la próxima vez.

Taskative te avisa cuando tu equipo asigna tareas, comenta o completa trabajo. Gestiona avisos en Ajustes.
